## **Alderwoman Coggs announces 6<sup>th</sup> District Landscape Award winners**

Alderwoman Milele A. Coggs is pleased to announce the winners of the **6<sup>th</sup> District Landscape Awards**, a special recognition for outstanding residential garden or landscaping efforts throughout the 6<sup>th</sup> District. Nominations were received from all parts of the 6<sup>th</sup> District, and the 2023 winners are **Fannie Cureton** from the Borchert Field neighborhood, and **Brenda White** from the Harambee neighborhood.

“I want to thank all of the residents who submitted applications for this year’s landscape awards. While we select two winners annually, it is clear from all the submissions that many residents and homeowners across the district take pride in their landscaping. All of those who take the time to beautify their neighborhood by maintaining creative and attractive landscaping on their property help contribute to the vibrancy and quality of life of the district and city,” said Alderwoman Coggs.

Alderwoman Coggs has long been committed to consistently supporting and encouraging the beautification and improvement of neighborhoods, and the 6<sup>th</sup> District Landscape Awards are a part of her Clean City Project.
